

REMARKS

Claims 1, 5, 6, 9, 11, and 12 remain in the application with claims 1 and 8 having been amended hereby and claim 7 having been cancelled, without prejudice or disclaimer.

Reconsideration is respectfully requested of the objection to the drawings.

Fig. 1 has been amended hereby to include the reference numeral 5 for the main body unit. The memory member 4 mentioned in connection with Fig. 1 is actually shown in Figs. 3 and 5-10 and the specification has been amended hereby to indicate that. In regard to the housing holder section 21 mentioned in connection with Fig. 2, that housing holding section is actually shown in Figs. 4 and 5, and the specification at page 7 has been amended to indicate that fact. A replacement sheet for Fig. 1 as well as an annotated sheet showing changes, is submitted herewith.

Reconsideration is respectfully requested of the rejection of claims 1, 5, 6, and 11 under 35 USC 102(e), as being anticipated by Cama et al.

In paragraph 8. of this instant official action, claims 7 and 8 are objected to as being dependent upon a rejected base claim but would be allowable if rewritten in independent form to include all of the limitations of the base claim and any intervening claims.

Claim 1 has been amended hereby to include the allowable subject matter of claim 7. Claim 7 has been cancelled. Claims 5, 6, and 11 depend from claim 1, which now includes the allowable subject matter of claim 7.

Therefore, it is respectfully submitted that claims 1, 5, 6, and 11 are not anticipated by Cama et al.

Reconsideration is respectfully requested of the rejection of claims 9 and 12 under 35 USC 103, as being unpatentable over Cama et al.

As previously noted, claim 1 now includes allowable subject matter and claim 9 depends through claim 5 from claim 1 and claim 12 depends directly from claim 1. Therefore, it is respectfully submitted that claims 9 and 12 are also patentably distinct over the cited reference.

Claim 8, which has been indicated as being allowable depended through claim 5 from claim 1, and claim 8 has now been placed in independent form to include all of the limitations of claims 1 and 5.

Accordingly, by reason of the amendments made to the claims hereby to include the allowable subject matter, it is respectfully submitted that all claims remaining in the application are now in condition for allowance.

Favorable reconsideration is earnestly solicited.

Respectfully submitted,

COOPER & DUNHAM LLP
